WHAT OUR ALUMNI SAY

One of the best place to explore, experiment and learn is amongst our IT department faculty. Constant motivation to experiment, numerous opportunities to expand our horizons and the right amount of freedom to have fun. The clan was lead by our dearest HOD, her team was the wings and we all flew by the wind. One place to cherish and miss would always be SAIRAM for me.

-Ms. Manju, IT-2022

Memories are the only things that we have left now. I wish to go back to the days we laughed , those class rooms that still holds our bond. I yearn to experience one more first hour bell, One more lunch hour, one more travel towards the college in collage bus, one more punishment from my favorite teacher for one last time.

-Ms. Aruna,IT-2007

No matter however high I may fly, Sairam is that one place that started the journey for me. The faculty were encouraging and always pushed us to become a better version of ourselves. I will always treasure the memories that I made as an Information Technology Student.

-Mr. Jabez, IT-2021

As life goes on, every time I look back all I remember was the days I spent in Sri Sairam Engineering College, the fresh breeze environment, friendly Faultily who showed us a better way so I could be here right now.
