International conference on computing and communications

Chennai, Feb 28: The department of Information Technology of Sri Sairam Engineering College had organised IEEE International conference on Computing and Communications Technologies.

The two day international conference had participants from various parts of the globe. The Conference was an ideal forum for researchers to share their findings and thoughts with their fellow researchers across the world. The main objective of this conference is to create awareness and also to provide a perfect platform for the participants to upgrade their knowledge and experience and to discuss on the ways to disseminate the awareness of the latest developments

and advances in the field of Engineering and Technology. The conference served as a platform for fruitful interaction among research scholars, scientists and academicians.

At the inaugural function CD of the ICCCT-15 was released by Dr. Raja, Department of ICE. Dr. T.Sheela, Convenor/HoD-IT, Dr. Daniel Chandran Deputy Head school of Systems, University of Technology, Sydney Australia. Dr. Gerald Reisinger University President FHO Management GmbH University of applied sciences, Dr. Lim Tien Sze Assoc Professor, Multimedia University, Selangor, Malaysia, Dr. C.V. Jayakumar Principal, Sairam Engineering College were also present

at the function. Dr.Gerald insisted on signing of MoU with foreign universities which helps us to understand the recent developments happening in the field of research.

Dr.Daniel gave a brief insight on the global learning in IT. He also touched on the importance of E learning especially the Flip learning where learners across the globe have universal access to the lectures given by professionals on various topics.

Dr.Lim gave a brief overview on the internet transport system using WANET. His speech focused on the vehicular ADHOC networks and gave a comparison with the existing GPS that helps to trace the location of the incident. He

shared his valuable ideas that proved to be of paramount value to people from all walks of life. The oral presentation include seven sessions conducted over two days with more than seventy six papers and the poster presentation is conducted in two sessions with 20 papers headed by delegates and professors from various colleges in and around Tamil Nadu.

Around 200 participants have participated and presented their papers in the conference. Among them 20 participants were from countries like Portugal, Netherlands, Germany, Upper Austria. The presented 76 papers will be published in IEEE Xplore digital Library.
